# Supervisor Onboarding Checklist

Welcoming a new colleague is a lot of effort! However, an organized welcome process with lots of proactive communication makes an incredible impact in the way a new teammate can feel about their work!

"Onboarding offers an imprinting window when you can make an impression that stays with new employees for the duration of their careers."

We in HR are grateful to partner with many parties in SEHD to Welcome People Well. If you have any questions or suggestions for us to include here, please share!

## Pre-hire

- If you could give the HR team advance notice that you are anticipating needing to hire, we would really value the advance planning time!
- Gather information for your new hire process:
  - who can serve on the search committee,
  - job description updates - this is a great opportunity to take a fresh look at the job description and qualifications through an equity lens, to meet the needs of our team while reducing structural barriers in the application process to serve our diverse community

New employees are encouraged to reach out to the benefits professionals at [benefits@cu.edu](mailto:benefits@cu.edu) with any questions they have regarding their benefit elections. **The employee must enroll in benefits within 31 days of their hire date.**

campus HR.
